

END OF CYCLE REVIEW

Unique insights and data-led recommendations,
enabling you to **boost performance**.

Overview

We'll showcase the biggest opportunities and risks based on your 2019 cycle performance. See how you differed from your competitors and the wider sector, and identify the key areas where you performed differently from the previous cycle.

Gain insight on

- > your strengths and vulnerabilities compared to your key competitors, pinpointing how you can improve how often you win against them
- > how your recruitment reach has changed, who's encroaching on your catchment area, and where you can expand your geographic reach
- > how your entry tariff has been affected in the main scheme and in Clearing
- > the risks and opportunities of your biggest courses, and what steps you should take to improve the health of them

What you get

Your investment will include a half-day, interactive workshop led by one of our team of experts.

We'll leave you with a clear set of actionable recommendations, as well as the presentation to share internally.

All of this for £9,000 + VAT
